

Climate Change Assembly

How can you take action on climate?

- **Count-Us-In** is an initiative to support you to take a step to reduce your carbon footprint, such as driving less or eating less meat. Choose a step and select St Albans as your team to complete your registration. Small steps or large - every step matters.
- Want to talk about climate change with your friends and not sure how? Check out **Climate Conversations**
- The St Albans and District's Sustainability Festival is taking place between 15th to 31st May (SustFest22). Join in with fun family activities - programme at www.sustfest.org

What have your children learnt?

Your child attended a special assembly at school this week produced by the Sustainable St Albans Schools Group.

In Reception or KS1 they heard about climate change and the solutions to it through a story called 'Hunter's Icy Adventure' read by the author, Ellie Jackson. Her beautifully illustrated books can be ordered from wildtribeheroes.com

The KS2 assembly focussed on the United Nations Global Goals and the children learnt about climate change and how to be climate action 'super heroes'. You can help support them in their efforts using the ideas on this flier and the Sustfest22 events.
